THE SENIORS

Now hail the class of forty-six!
Our course is now complete.
Through terror, triumph, tears, or tricks
We mocked at all defeat.

By work and study hard and long,
With sports and music plus some fun
We oft excelled in righting wrong
And truly earned the praise "Well done!"

Henceforth we marched from classroom far
Our hearts and heads held high.
We "Builders of Tomorrow" are,
Our tasks before us lie.

So unperturbed by taunts of old
Each one from N. B. High departs
With knowledge, hope and truth to mold
A better world within men's hearts.

CLASS HISTORY

In September, nineteen hundred and forty-two, forty frightened freshmen entered the portals of N. B. H. S. Many of these were greatly embarrassed when they walked into the wrong classroom at the wrong time.

They managed to make this hurdle only to find themselves confronted by another, the sophomores, who loomed over them as a Frankenstein would over a helpless victim. They were ordered to be present in the gym by 7:30 on a fateful Friday evening. Many will remember the three reasons Barbara Vail had to give telling why she liked to dance with “Beet” Green, and how Mary Harris, who can’t turn cartwheels, had to do so around the gym floor? Others will recall Virginia Provan feeding George Hoyt blueberry pie when they were blindfolded.

After the Sophomores had had their fun of humiliating these poor freshmen in the eyes of the school, we retaliated by giving them a dance. Later in the year this was returned, and the dance proved to be successful as their first such venture in high school.

That year the president was Jeanne Robinson; vice-president, Fred Tatro; secretary and treasurer, Marjorie, Bigelow.

In 1943 returning as Sophomores many familiar faces were missing. For a full year of events Henry Green was chosen as president, Doris Jones vice-president and Mary Scarey, secretary and treasurer.

Now came the privilege of initiating the freshmen.

When the class returned as Juniors in 1944 they resumed their places in Study Hall. This year they numbered twenty-five. Many boys left to enlist in Uncle Sam’s services. This year Hope Hoctor and Norman Clarke joined the group.

In November shiny new class rings arrived. In May the Junior Prom was held. Jeanne Robinson was prom queen. Her escort was Donald Harrington.

The officers were: President, Doris Jones; vice-president, Barbara Peckham; secretary and treasurer, Virginia Provan.

In September, 1945, as Seniors they made their home room C. For a busy year they elected Ray LeBaron president, Phyllis Wheeler, vice-president, Madeline Harris, secretary and treasurer.

In December the Senior play “The Other Ghost” was presented. It proved very successful, with an all-girl cast and the boys taking over the stage work and production end.

The late spring found the Class of ’46 winding up a busy four years after getting back their sea legs from the Senior Trip to New York.

CLASS WILL, 1946

In this twentieth century, in the year of our Lord nineteen hundred and forty-six, the Senior Class, being of sound mind and mentally competent does hereby give and bequeath to the underclassmen of the noble institution of North Bennington High School, the following:

John Blundon wills his ability to run the movie camera to Gordie Clark, who seems to have a good beginning.

And, Gordie, don’t get nervous if it won’t run, it’ll probably be nothing a twist of the wrist won’t fix.

Howard Browe bestows upon all the male members of N. B. High his ability to be strong and manly, yet gentle and courteous. We feel certain that some members can use these qualifications to good advantage.

Dorothy Cherbonneau bequeathes to Jeanne Harrington her quiet efficiency which has helped her to be a worthy member of the class of ’46.

Harold Colvin, that square-dancing troubadour, wills his cheerfulness and ability to swing your partner to Arnold Herrick, who could probably make the fairer sex happy with its use.
The villain of the Seniors’ one-act play, Norman Clarke, would like to will his talent for original ideas to none other than “Looie” Panos, the man with the Tarzan physique.

Madeline Harris wills her ever-present smile and cheerfulness plus the bridge up on the Shaftsbury road to any underclassmen who at times seem to acquire grouchiness. By the by, it’s said that the bridge works wonders for the morale, kids!

Marjorie Harris bequeaths her musical talent to Donny Dailey. We hope he will prove as worthy of it as she has.

As the last one of the Harris girls, Mary leaves to those students who are selfish with their mental abilities, her eager willingness to help anyone with difficulties in their studies. Right here is a good place for some of the graduating class to mention their gratefulness to her, also.

The gal voted friendliest in our class, Rita Hewson, leaves this quality to those persons who act so unwilling to mix with the rest of the kids.

Doris Jones leaves her ability to attain high marks and to study to Marge Loomis.

Dignified and industrious Hope Hector bequeaths her typing ability and position as business manager of the “Spectator” to Dolly Norton.

Marie Terry wills her talent for making long conversation to Marilyn Wayman.

Quiet Alice Sweet leaves to Betty Jane Cole her earnestness and undisturbing charm.

One of our servicemen, Henry Green, wills his talent for acting to Joe Scarey. Why don’t you give it a try, Joe?

Ray LeBarron bequeaths to Johnny Harris his reserved place in the repair garage, in case Johnny should get a car like Ray’s.

Our other soldier boy, Jack Millington, leaves his sense of humor and mechanical ability to Chuckie Downing.

Barbara Peckham bequeaths to Edna Hedding the power and strength to lead the beloved Tri-Y club. Hang on to it, Edna, you’ll probably need it.

Busy Virginia Provan wills her talent for acting to Betty Downing to go with her already well-developed talent.

Mary Scarey leaves her efficient manner for taking care of the office to Anne Peckham, who is well on the way to becoming a Number One secretary.

Nora Thompson leaves to that person in the Junior class who will take care of photography, the headaches she has had making arrangements for the yearbook pictures.

Pleasant Marjorie LaClair bequeaths her ability to see the humorous side of things to Jean Nelson.

Barbara Vail, mainstay of the girls’ basketball team for the past four years wills her place and talent to Kathy Young, who already has a good start and looks like the team’s top forward next year.

The most dignified Senior, Phyl Wheeler, bestows upon all the giggling underclass girls that agreeable mixture of dignity and seriousness and charm which we know they can well use.

The Senior class as a whole would like to will Room C to anyone who could be held responsible for keeping it air tight and suggests that the Home Ec. class use it as a cold storage room. We might add that it hasn’t been quite so cold this year as formerly.

Our class would also like to bequeath to underclasses its good conduct in meetings and its ability to cooperate.

The boys and gals of ’46 won’t will it to anyone, but to those interested they suggest that next year the Seniors be granted the comfort of having desks large enough to put all their books in. After all, Seniors are Seniors.

Given this tenth day of June, in the year of our Lord nineteen hundred and forty-six in the town of North Bennington, County of Bennington, State of Vermont, United States of America in the presence of the great and industrious class of 1946.

Signed, Jeanne M. Robinson

BOYS' SPORTS

This year, boy's basketball was again the most popular sport with baseball and track running a close second.

The 1945-46 basketball season was not as successful as it has been in previous years but the future of this sport at N.B.H.S. looks very bright. Coach Hugh Ripper and Captain Leo Panos worked hard to get the boys in condition.

The Junior Varsity, coached by Mr. Sprague, was a bit more successful by having only one loss. The JV's were captained by Arnold Herrick.

Baseball practice started in March with many of last year's players turning out. Six games were scheduled.

The track team, a relatively new addition to the boy's sports department, has proven very popular. Last year North Bennington participated in several track events at Rutland and it is the boys' fervent wish to do so again this year.

GIRLS' SPORTS

This year sports were again a favorite at N.B.H.S.

Hockey was once more enjoyed by many. About fifteen girls participated in this sport. Their opponents were Arlington, Wilmington and Bennington. They won two and tied two games out of six. Barbara Peckham was chosen captain.

Basketball was the most popular sport. Twenty girls went out for this and a good team was chosen. The team played the Alumni, Burr and Burton, Wilmington and Arlington. There were six wins and three losses.

There was no Taconic League this year but if there had been, the girls would have won the honors.

Barbara Vail was chosen captain and Mary Scarey co-captain. The Coaching was under the supervision of Miss Anna Vaughn.

The season ended with two banquets, one at the Paradise and the other at school, the latter being attended by the Athletic Association.

Gym classes were held twice a week for periods of forty minutes each. The first part of each class was devoted to calisthenics and the latter part to volley ball, rope jumping, softball, hockey and basketball.

A bank loan can help you own that new radio, refrigerator, washing machine or other home equipment. By financing such purchases with bank credit you are in the favorable position of a cash buyer.

Our loan costs are extremely low—there are no extra fees, commissions or hidden charges.

Local financing is best when you buy that new car. When you borrow from us and repay as agreed, you build credit standing that may come in handy in the future. You become better acquainted with us and thus will be able to make fuller use of our various banking facilities.
